

African Mask Project

Part 1: Create a Word document entitled Mask Project following the sample below and using MLA style. Read the two articles relating to African masks. Write a one-paragraph summary of the articles.

Articles: <http://tools4literature.weebly.com/african-mask-articles.html>

Part 2: Use the information that you learned to create a mask that depicts one of the types of traditional African masks. This is an upcycle creation, so select at least three items that you could recycle for use.

Part 3: Add to your Word document by creating instructions for making your mask. Be very specific so that others could replicate your creation.

Putting it all together...

Finalize the MLA formatted paper, typing your summary, typing your instructions, and adding a picture of your completed mask. Insert a "File Printout" of your Word document into your Mask Project page.

MASK & PAPER DUE: THURSDAY, JANUARY 30

African Mask Project		Name _____
Mask		
<ul style="list-style-type: none"> At least three recycled items are incorporated into the mask. The mask depicts characteristics of traditional African masks. 		_____/40

African Mask Project

Centered Title

Summary

[Double space your summary of the two articles in this section of your paper. Limit your summary to a total of about 100 words.]

Section
Headings

How to Make an African Mask [Jazz up this heading with the name of your mask]

[This section should include detailed instructions that would allow your reader to duplicate your mask creation. You do not need to double space this section; it's up to you.]

Materials Needed:

-
-

Instructions:

1. Include numbered steps to complete the process.
2. If you are easily able to include a picture of your mask in this document, that would be wonderful. If not, please save your work to a flashdrive or email it to me, and we will do the picture insert together.
